Terms for Use of GS1 India's DataKart Service

1. Only existing GS1 India subscribers that have a <u>valid</u> (active) GS1 Company Prefix number (GCP) can register for GS1 India's DataKart service.

2. For the continued use and access to the DataKart service, the subscriber must ensure that his GS1 Company Prefix subscription is active at all times. Expiry of a GS1 Company Prefix subscription will result in the access to the associated DataKart account being suspended as well.

3. Subscriber shall be responsible to upload all the mandatory product information along with product images to the DataKart platform in order for the product data to be published.

4. The subscriber is responsible for the completeness and accuracy of the data entered/uploaded into DataKart.

5. The subscriber is responsible to keep the product data and product images entered in DataKart updated at all times.

6. The product information and images entered/uploaded in DataKart shall be accessible to consumers, retailers, e-tailers, etc., via digital media or other GS1 India services.
